

Computer Science 2 Project  
Group Progress Report  
3rd Quarter

Team Members: Audrey Uhma G. Salentes

Hannah Rouella T. Tan

## Week 1 - Jan 16, 2026

GOAL	State your goal for the Week	State/list the data collected relevant to your project	State the progress you have made so far
Asses proposal and clean up	Applicable coding functions and formats to be used	Code functions needed	Pseudocode started /Half complete Listed the needed code functions and code snippets to be used /Complete
Start on the signin and signout	Student info, faculty info		Listed the permissions of each occupation/role /Complete

### STRENGTH

Good knowledge on programming language  
All devices readily downloaded with the programming language

### AREAS FOR DEVELOPMENT

Time management between both proponents  
Faster working on coding

### STRATEGY FOR SUCCESS

Distribute the goals evenly  
Focus and agree on which strong suit each of us have

## **Week 2 - Jan 23, 2026**

GOAL State your goal for the Week	State/list the data collected relevant to	State the progress you have made so
Finish the log in & log out Make menu visuals	authentication, session management Appropriate theme and layout	half finished finished

### **STRENGTH**

Available visual editors  
Customizable website

### **AREAS FOR DEVELOPMENT**

The clarity and neatness of the code  
Uniqueness of visuals

### **STRATEGY FOR SUCCESS**

get a second opinion by bystanders and possible users  
Let one focus on visuals and other on coding

Computer Science 2 Project  
Group Progress Report  
3rd Quarter

Hannah Rouella T. Tan

### **Week 3 - Jan 30, 2026**

GOAL	State your goal for the Week	State/list the data collected relevant to	State the progress you have made so
start menu code		Input/output, drop-down menus...	complete (with a few bugs)
Test out python website		code	complete
User account interface		user imputed data	halfway complete

#### **STRENGTH**

Aesthetically pleasing interface  
User friendly with many labels

#### **AREAS FOR DEVELOPMENT**

Inefficient sign up process  
Updating roles for a user changing status (e.g. from [ALA] member to [ALA] president)

#### **STRATEGY FOR SUCCESS**

One proponent focuses on the general code while the other reviews how to fix bugs

## Week 4 - Feb 6, 2026

GOAL	State your goal for the Week	State/list the data collected relevant to	State the progress you have made so
	code in the posting feature	N/A(?)	complete
	code in the filtering feature	N/A(?)	near complete
	redo and revamp the menu	New website interface that works with python	near complete

### STRENGTH

user friendly interface  
easy for the proponents to adjust the code

### AREAS FOR DEVELOPMENT

Time management  
neatness and loading time of every action in the program

### STRATEGY FOR SUCCESS

review over coding and compatibility with website interface
